# Medical Report for Carer's Allowance

#### **Information for Carer**

If you are applying for Carers Allowance for a child under 16 years of age, Domiciliary Care Allowance must be in payment for that child.

You do not need to send a medical report at this stage for a child if Domiciliary Care Allowance is being paid by this department.

The following Medical Report, Part 10, is in three sections:

**Section 1 -** should be completed by you. It allows you to tell us about the care requirements of the person you are caring for.

**Section 2** - should be completed by you and signed by the person you are caring for, that is the care recipient.

We understand that there are times when the care recipient cannot sign Section 2, for example in some cases of intellectual disability, mental illness or physical incapacity. In these cases the form can remain unsigned as long as the evidence from the doctor supports that they are unable to or detrimental to them to sign it.

**Section 3** - give the entire Medical Report to the doctor, who must be a medical practitioner registered with the Irish Medical Council, of the person being cared for. The doctor will complete and sign Section 3 and may return the form to you in a sealed envelope to keep their patient's medical details confidential.

**Note:** Please make sure you return the Medical Report along with your application.
